Kindred Hospice presents

Deborah Grassman

Soul injuries occur when people become disconnected from their own sense of self. Our goal is to help traumatized people love, forgive, and trust themselves to navigate in the world again by disarming their heart while cultivating personal intimacy with fractured aspects of their own self.

Join us for a day featuring four separate workshops on a wide variety of topics. Busy day? Choose the presentation(s) that best fit your interest and needs.

Lunch to be provided by Elephants Deli
